## PRINCE2® Foundation and Practitioner Exam Preparation Program

DURATION: 5 DAYS

### What is PRINCE2®?

PRINCE2® (Projects in a Controlled Environment) is a process-based method for effective Project Management and constitutes the de facto standard used extensively by the UK Government and organizations in the private sector internationally.

### Key Strengths of PRINCE2®

- Clarity in well-defined roles and level separation of the Project Board, Project Manager, Team Manager and Team Members
- Clearly structured and defined PRINCE2® Process Model that links the Project Mandate to the Initiation till the Closing of a Project
- Makes sense of the Business Case and the progressive re-evaluation via the Benefits Review Plan
- Properly defines and aligns key decision points that are sensible and effective
- Increased focus and efficiency through Principles such as Management by Exception
- Provision of detailed and well-defined templates and necessary contents of all identified documents and roles
- Proven approach and utilized by numerous mature organizations of all sizes

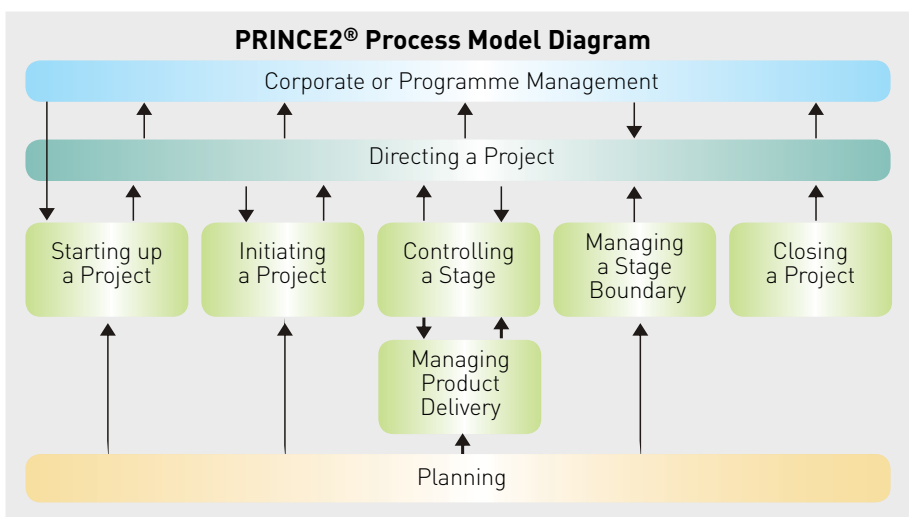

**Project Pro** is an established organization focusing on professional training and consultancy in Project Management to MNCs and SMEs in Singapore and internationally. It is both a Registered Education Provider (R.E.P.) with the Project Management Institute (PMI®) and an affiliate of an Accredited Training Organization (ATO) with APMG to conduct PRINCE2 courses and exams.

**Project Pro's** consultants have trained and done work for *AMD, AMO, Bosch, Fujitsu Singapore, Philips Regional, Rockwell Automation, Keppel Land, Singapore Technologies, SingTel, Singapore Academy of Law, PerkinElmer, Public Bank, Discovery Channel Asia, BP Singapore, Singapore Offshore Petroleum Services, People's Association, Heitech Padu, Takaful Nasional, Jebson & Jessen, Lotus Engineering, Changi Airport Enterprise, SIM, NUS Extension, etc.*

**Charles Lim**  
 (MBA, BSc,  
 PMP, PRINCE2  
 Practitioner),  
**Principal  
 Consultant** of  
 Project Pro,  
 has over 25  
 years of career

experience in a range of management and business roles. He has successfully trained over 1000 PMPs and hundreds of others in an array of management programs including PRINCE2 Certification.

### Why Be PRINCE2 Certified?

PRINCE2 is an internationally recognized certification that provides a proven methodology and approach to project management that is structured, comprehensive and practicable. Tailored with PMP (Project Management Professional) it provides the most complete set of method, skills, tools and techniques to achieve successful project management in all industries.

# PRINCE2® Foundation and Practitioner Exam Preparation Program

DURATION: 5 DAYS

## PRINCE2® Foundation and Practitioner Exam Preparation Program

The PRINCE2® Foundation and Practitioner training is a 5-day intensive program, which covers the OGC's (Office of Government Commerce) PRINCE2® Project Management methodology and syllabus. You will gain practical skills by using the techniques to handle real issues.

The training program will provide delegates with a firm grounding in the sensible application of the project management method. Delegates will be able to confidently take the PRINCE2 Foundation and Practitioner Examination within the 5 training days. Course case studies will assist delegates in applying the principles to a variety of scenarios.

**The PRINCE2® training provides 35 PDUs - current PMPs can utilize these towards certification renewal.**

### Learning Objectives

Through the course, delegates need to exhibit the competence required for the Foundation and Practitioner qualification, and show that they can apply PRINCE2® approaches to address the needs and problems of a specified project scenario. Specifically, delegates must be able to:

- Describe the purpose and major content of all roles, the eight components, the eight processes and the sub-processes, and the techniques.
- State the relationships between processes, deliverables, roles and the management dimensions of a project.
- Provide examples of all PRINCE2® products as they might be applied to address the particular circumstances of a given project scenario
- Show the understanding of the relationships between processes, components, techniques and PRINCE2® products and can apply this knowledge.
- Analyze different project scenarios using all the combined knowledge learned from the PRINCE2® training

### Who Should Attend

This course leads to a professional qualification and would be ideally suited for:

- Project Managers
- Project and Team Leads
- Program Managers
- Portfolio Managers
- Project SMEs
- Team Managers and Support Staff
- Team Members
- Staff who have project related roles
- PMO Staff (Project Management Office)
- Those intending to take on project management roles

### PRINCE2® Exams

This is an intensive program where participants will cover the contents, do practice exam questions and quizzes, study and complete both the Foundation Exam (1 hour) and Practitioner Exam (2.5 hours) within the 5 days.

There are no pre-requisites. When the candidate has passed the Foundation Exam (immediate results), the candidate can proceed to complete the Practitioner Exam.

The **Foundation Exam** is a 1 hour multiple-choice format closed-book exam with 75 Questions of which a minimum of 38 correct answers are required to achieve a Pass.

The **Practitioner Exam** is a 2.5 hours open-book examination (only the PRINCE2® Manual is allowed). The exam consists of nine questions and a short scenario plus some appendices that are relevant to specific questions. The nine questions will be sub-divided into parts. Each of the nine questions is worth 12 marks giving a total possible of 108 marks. The pass mark is 59.

PRINCE2® Practitioners are required to do a 1 hour re-exam within 5 years from passing the first exam.
